We ask that you read the information in this handbook carefully and follow the guidelines to the best of your ability. Your dedication to your studies and your participation in school activities will help to make this school year memorable and rewarding.

MESSAGE TO PARENTS

The faculty and administration at AGASD want parents/guardians to play an active role in their children's education. Take an active interest in your son's or daughter's activities, both academic and extracurricular. Discuss daily events that take place during the school day. Encourage independence and responsibility. Give your son/daughter a chance to take part in making decisions that affect his/her life. All Policy Numbers referenced in this handbook were adopted by the school district and/or revised in accordance with school board policy. The AGASD district policies are available on the district's website (www.agasd.org). The district has made available many school district forms the public has access to download. If you have a question, contact your child's teacher or coach. If you need additional information, contact your child's counselor or one of the assistant principals.

B	86 – 83%
B-	82 – 80%
C+	79 – 77%

***A zero will be issued for failure to complete all assignment/assessment or academic dishonesty**

Several options exist for monitoring student progress toward the attainment of academic goals. The school term is divided into four reporting periods. Students receive a SAPPHIRE Generations Progress Report by the 30th and the 120th day of school to take home. Report cards are issued at the end of each grading period. Final report cards will be mailed approximately one week after the closing of school.

Additionally, students and parents/guardians can monitor current academic standing by logging onto the *Sapphire Community Portal* at any time throughout the year.

Students' actual earned scores are reported per assignment throughout the school year; however, when a student's end-of-quarter grade results in a percentage of 49% or lower, a 50% will be factored into the cumulative average. This provision for recovery communicates that the student has failed to master the academic content in a given grading period; yet, it does not preclude the student from achieving a successful outcome over time.

Academic dishonesty is to be treated as a disciplinary infraction. Consequences consistent with the level of the offense will be enforced. When academic dishonesty invalidates the measure of mastery and/or proficiency, the student's grade may be negatively affected and/or the student may be required to demonstrate mastery or proficiency using an alternative means.

HONOR ROLL

Highest Honors	4.00
High Honors (Minimum of)	3.70
Honors (Minimum of)	3.00

If a student participates in a course(s) that is offered by the high school, the student will receive the correct credit weight for course to ensure correct calculation of averages.

SCHEDULE CHANGES

Albert Gallatin Middle Schools suggests that no schedule changes occur. If a student were to drop a course within the first four weeks, a W (withdrawal) will appear on the report card. Students must realize that at times, schedule changes are not feasible and will not be made.

*Changes will be at the discretion of the building principal.

HOMEWORK POLICY

POLICY NO. 130

Homework is most useful when teachers carefully prepare the assignment, thoroughly explain it and give prompt feedback when it is completed. Students can acquire positive effects from homework in the form of academic achievement and effective work habits. Assignments for homework should be made at all grade levels and a mixture of mandatory and voluntary homework is most beneficial.

Homework can be assigned to build essential background knowledge prior to instruction, but it is given most often to reinforce learning that occurs in school. Topics included as homework assignments for reinforcement purposes should have been developed in class under the direction of the teacher. Generally, the homework assignment should not focus on complex skills which students have not mastered. The assignments should include a focus on the application of skills introduced and/or developed in class.

As partners in the educational process, parents/guardians should encourage homework completion on a regular basis to help students reap maximum benefit from the educational program and to develop effective work habits. Parents/guardians should be encouraged to facilitate student self-study rather than playing a formal instructional role.

The following guidelines are expected to be used with discretion by the professional staff as homework practices are established by teachers:

Time - Due to the individual differences among students, teachers should assign homework which can be completed in a reasonable time.

Grade Level - Homework should be assigned at all grade levels. All students should be assigned homework.

Quality - The purpose of the assignment should be clear, to the teacher and to the students, as should the notion of how the students should profit and what they should learn from the assignment. The tasks assigned should be relevant to what the students are learning in school, and the assignment type should be appropriate for the purposes, the grade, and the subject matter. Finally, there should be some review or reinforcement of assignments so that homework is not a dead end. If the tasks assigned as homework have a worthwhile purpose in the first place, they should certainly be worth following up in class.

It is often wise to start homework assignments in class in order to make sure that students understand the assignment and are getting off on the right foot. This practice will be especially important for less able students or when students in the class are beginning difficult assignments.

Individualization - In many cases, homework can provide an opportunity for individualized assignments. Extra credit project assignments may be used when appropriate, according to the expectations set forth by the Board of Education.

Parent/Guardian Involvement - Parents/Guardians are expected to stipulate a place and time for the students to complete homework assignments. In addition, parents/guardians are encouraged to emphasize the importance of education and to encourage their children to complete the assignments.

Feedback - Homework assignments are most effective when students receive feedback within a reasonable time.

Discipline - Homework should not be assigned to punish students.

Make Up Work- Students must make up the work they missed due to absences, unless otherwise negotiated with the instructor. Upon return to school, students will be afforded the number of days they were absent to complete and submit missed work. Failure to complete make up work may negatively affect a student's academic progress.

SUMMER SCHOOL

Summer school grades are accepted only from an approved institution. The following organizations have traditionally offered summer school: Westmoreland County Community College (1-800-262-2103 ext 4204) and the Intermediate Unit at Colonial Campus (724-785-7472).

SPECIAL EDUCATION

POLICY NO. 113

Federal and state laws give important educational rights to physically, emotionally or intellectually disabled children who are eligible for special education services. If you feel that your child may have a disability and may be in need of specially designed instruction, please request information from your school about ways to address his or her needs. Many children benefit from the use of supplementary aids and services in the general education setting. However, a referral for special education services may be warranted if interventions in the general education setting are not successful.

The District has developed a referral system that follows the policies and procedures outlined in the state regulations governing special education (Chapter 14 of the School Code). The District, in accordance with state laws, provides a continuum of services for special education students, with the emphasis being placed on delivery of special education services in the general education setting to the maximum extent appropriate for each individual student.

The District provides a variety of support programs within our schools, including Learning Support, Life Skills Support, Autistic Support, Emotional Support, Speech/Language Support, Vision Support (provided by Intermediate Unit One), Hearing Support (provided by Intermediate Unit One) and various related services such as Physical Therapy, Occupational Therapy, and Social Work services.

Contact your child's school or Central Office at 724-564-7190 Ext. 8111, if you would like additional information regarding special education services offered by the District (also provided by Intermediate Unit One).

ALBERT GALLATIN AREA SCHOOL DISTRICT SPECIAL EDUCATION SCREENING PROCESS

1. A student exhibiting academic, attendance, and/or behavioral difficulty is referred for screening at the building level.
2. A screening team, which can include the person making the referral, meets to discuss the referral and make appropriate recommendations to school personnel.
3. School counselor collects completed packet from referring teacher making sure that all information (questionnaires, rating scales, student's grades, achievement test results) is included and forwards information to the business office.
4. Local Education Representative (LEA) sends permission to evaluate, parent questionnaire, and Procedural Safeguards Letter and Notice to parent/guardian. The LEA puts the parental input together with the school data to form the packet, which is then sent to the psychologists.
5. Psychologist completes assessment and writes a draft evaluation report (ER). The multi-disciplinary team (MDT) meets, regarding whether or not student

provided an ESL program. The program will facilitate the student's achievement in English proficiency and the academic standards under 4.12. Because the ESL program is considered part of the general curriculum and includes listening, speaking, reading and writing, it shall replace the language arts instruction until assessment identifies the student as attaining the proficient level of English. This program shall include cultural provisions for the transition of the student to the new surroundings.

Intermediate Unit I will provide the contracted EL (English Learner) services to identified students. The extent and the duration of services will be determined by IU I based on assessment, staff and parental input, as well as, the overall student progress. In conjunction with the IU I, who will serve as the service provider for EL students, the district will monitor the progress of the EL program. If, through assessment, the EL is not learning English, the program shall be adjusted to ensure greater success.

The EL student shall have access to and be encouraged to participate in all curricular and extra-curricular programs of the Albert Gallatin Area School District.

The EL student will participate in the PSSA and all other district assessments consistent to that offered all other students. Accommodations and recommended testing procedures will be followed as considered acceptable by the current PSSA guidelines.

The EL shall be required to meet the established academic standards and graduation requirements with accommodations as adopted by the Board.

EL instruction will continue until assessment identifies the student as proficient in the English language. This would include the ability to function in the mainstream without assistance or accommodations within the mainstream.

EL students shall have access to all additional instructional opportunities, both remedial and enrichment in nature, consistent with the offered to all other students in the district. Monitoring to maintain this success will continue for two years after exit from the program.

At all times, dissemination of information, including but not limited to assessment, and academic achievement, will be provided to students and their parents in the language or mode preferred by the parent.

Provisions for adequate staffing, staff development, accommodations and assessment will be provided. An informational meeting will be held at the beginning of each school year to keep parents of the EL student updated on the program and services.

The Public School Code of the Commonwealth of Pennsylvania requires regular attendance of all pupils enrolled in the public schools. These requirements are found in Sections 1326, 1327, and 1329 of the Pennsylvania School Code, and they are:

A child must attend school regularly from the time he/she enters, which shall not be later than the age of eight (8) years, until the age of seventeen (17) years 1326 and 1327.

“Every parent, guardian, or other person having control or charge of any child or children of compulsory school age is required to send such a child or children to a day school and they shall attend such school continuously through the entire term, during which the public schools in their respective districts shall be in session” 1327. “The board of any school district may, upon certification by a licensed practitioner of the healing arts or upon any other satisfactory evidence being furnished to it, showing that any child or children are prevented from attending school, or from application to study, on account of any mental, physical, or other urgent reasons, excuse such child from attending school as required by the provisions of this act, but the term “urgent” reasons shall be strictly construed and shall not permit irregular attendance. In every such case, such action by the Board shall not be final until the approval of the Department of Public Instruction has been obtained. Every principal or teacher in any public, private, or other school may for reasons enumerated above, excuse any child for non-attendance during temporary periods” 1329.

Attendance Procedure

1. Compulsory school attendance shall begin within the school year in which the child's sixth birthday is reached prior to the first day of school of such year.
2. In order to enforce the state attendance laws, each school designates a school attendance coordinator (principal or designee) who collects classroom attendance data and makes appropriate referrals to Central Office, Children and Youth and District Magistrates.
3. When a student returns to school after an absence, a parent/guardian is required to furnish a written statement regarding the reason for absence to the attendance officer or designee. At ten (10) days for any reason, the student will be required to supply a doctor's excuse. Parent notes are no longer accepted for any student after ten (10) days of absence. This information will be used to determine whether an absence is excused or unexcused. If a written statement is not received after three (3) days of the absence, the absence will be considered unexcused. A student should not leave a note lying on the desk; the student must

hand it directly to the attendance officer or his designee.

4. All students arriving late or leaving early for any reason must sign in or sign out with the principal or designee. If a student needs to leave for an emergency or illness, a school official must call a parent/guardian for approval before the student is given permission to leave. If it is known ahead of time that a student needs to leave early, a written note must be sent by the parent/guardian to the principal/designee. After the tenth (**10th**) day absence whether early dismissal or late arrival, the absence will be unexcused unless the student provides a doctor's excuse.
5. There shall be a distinction between excused and unexcused absences.
6. Excused Absences
 - A. Verification by a physician will be required if absences, excused or unexcused, exceed ten (**10**) days.

1. Physician's excuse must state the following information:

- a. **Date of visit**
 - b. **Time of visit (time will directly affect a ½ day or full-day excused absence(s) and statement indicating the doctor's approval for the student to not attend school for a specific period of time.**
 - c. **Doctor's signature**
- B. Death in the family - limited to five (**5**) days for the death of an immediate relative (mother, father, child, sibling or legal guardian). Death in the family of a grandparent is limited to three (**3**) school days from date of death. Death of a near relative like a cousin, aunt or uncle is limited to two (**2**) day. For non-family members' deaths, pre-approval is required for a one-day absence. Proof of death is required.
 - C. Impassable roads as certified by the bus driver, township supervisor or state police.
 - D. Religious holidays
 - E. Administrative reasons as certified by the principal (field trips organized by the school for educational endeavors, a college visit, job shadowing, reasons noted in an IEP).
 - F. Calamity - fire, flood etc.
 - G. Medical appointments which cannot be scheduled outside the school day when the absence is verified by a physician and verified by the school. We recommend that parents make appointments outside the school day.
 - H. Illness or injury when the student is absence verified by a physician.
 - I. Family Educational Leave maximum of five (**5**) days with paperwork completed prior to departure explaining where, which dates and the educational experience which may be gleaned. These five days shall be counted as part of the ten (**10**) days of absence. Any absences after the ten (**10**) days will require a doctor's excuse. This paperwork must be submitted

to the office at least two (2) days prior to departure. In addition, each student must go to all teachers and have the teacher sign off and write the assignments that he/she must complete while away. **NOTE: Any student that has accumulated ten (10) days of absences does not qualify for Family Educational Leave.** (See school district website or school office for forms).

- J. The Albert Gallatin School District may grant up to five (5) days of excused absences for military-connected students whose parents/guardians are experiencing a deployment, called to duty for, or is on leave from duty. The conditions under which the local school may approve excused absences are: (1) the absence is preapproved; (2) the student is in good standing; (3) the student has a prior record of good attendance; (4) missed work is completed and turned in within the school's allotted time; and (5) the absence is not during standardized testing dates.
- K. Students who attend a school outside their residence/busing area may be required to attend their resident school after 15 unexcused tardies or 10 unexcused absences.

7. Unexcused Absences

Absences that do not meet the above requirement, (i.e. missing school to take care of a family member (like parents, grandparents, younger siblings or a student's own children), shopping, vacations, hair appointments, going to lunch, hunting, etc.)

- 8. Homebound is a short-term solution to any educational issue. It is not a long-term placement. For an appointment regarding homebound, please call your child's counselor.

9. Positive Incentives

Regular attendance at school is a strong determiner of academic achievement; therefore, rewards and incentives to encourage perfect and outstanding attendance will be developed and implemented and given at the building level. A variety of opportunities to provide incentives for school attendance are available at the building level. Some examples include presentation of awards, special school privileges, and a speech for perfect attendance at the awards assembly. *School-approved field trips do not count as absences.* Students must obtain the permission form from the teacher sponsor and have each of his/her instructors sign the form prior to departure for the absence to be excused.

- 10. Make up work. It is imperative that students make up work when they miss school. The time frame for make up work is the number of days the students was absent. Failure to complete the make up work could result in a failing grade or even a zero for that assignment, exam, paper, etc. After ten days of absence without a doctor excuse, all make up work must be completed in the presence of a school official. Arrangements must be made by the student/parent and teachers.

Progressive Penalties for Absences

1. After three (3) days of unexcused absence a letter will be sent home and attendance improvement conference shall be held.
2. After six (6) or more unexcused absences, citations may be filed with the District Justice (Magistrate) according to state regulations. A student may be referred to Crime Victims and/or Children and Youth. Please be advised that attendance numbers for students will be shared from previous years with the District Justice. There is no law in Pennsylvania that states all students will get a clean slate related to attendance in Pennsylvania. This will help the District Justice work with the family. Referrals to other county agencies may be used for Compulsory School Attendance, if deemed necessary by the District.
3. After ten (10) days of either excused or unexcused absence means a student is required to have a mandatory doctor excuse. A letter will be sent to parent/guardian. At ten (10) doctor excuses, a meeting may occur with the family, the attendance designee, and the school nurse to discuss concerns about missing school and student progress.
4. **Under Section 11.24, students who miss ten (10) consecutive school days shall be dropped from the active membership roll unless the school is provided with evidence the excuse is legal or the school is pursuing compulsory attendance prosecution. Students of compulsory school age, who have not complied with compulsory attendance requirements, may be offered alternative education services or other provisions of education.**
5. At fifteen (15) unexcused absences, the student will meet with the principal/designee or truancy officer to set up a Truancy Elimination Plan (TEP)
6. At twenty (20) unexcused absences, the student will meet again with the principal/designee or truancy officer to review their TEP. Students may be referred to an alternative placement.
7. At twenty-five (25) unexcused absences, students will meet with the principal/designee or truancy officer and sign a contract stating that if they miss five (5) or more unexcused absences, he/she will be withdrawn from the Albert Gallatin Area School District.

Additionally, the school may file a citation against the parent of a habitually truant child under fifteen (15) in a magisterial district court.
11. **Procedure for habitually truant for fifteen (15) years of age and older:** The school must either: (1) refer the child to a school-based or community-based attendance improvement program or (2) file a citation against the student or parent in a magisterial district court. If the child incurs additional absences after a school refers that child to an attendance improvement program or refuses to participate in an attendance improvement program, the school may refer the child to the local county children and youth agency (CYS) for possible disposition as a dependent child under the Juvenile Act.
12. An attendance committee will be available to review individual cases.
13. If a student misses 20 or more unexcused days in a year that student will no longer be permitted to attend any school field trips.

Tardy

FUTURE READY

PA INDEX FOR REGULAR ATTENDANCE:

Regular Attendance is defined as the following below and reported on the public view of the PA Future Ready Index for all schools in Pennsylvania.

(According to www.futurereadypa.org)

*Rates of chronic absenteeism will be reported as “Regular Attendance” on the Future Ready PA Index, and will be calculated at the building level, as well as for any group of 20 or more students in a building. Chronic absenteeism will be calculated based on the number of students who have missed more than 10 percent of school days across the academic year. Students enrolled for fewer than 60 days of school will be excluded from that school’s calculation, as there has not been sufficient opportunity for the school to apply intervention strategies.

What constitutes an absence?

*A student is considered absent if they are not physically participating in instruction or instruction-related activities on school grounds or at an approved off-grounds location for at least half the school day. Each day a student is absent for 50 percent or more of the school day is to be counted as an absence.

*Consistent with practice in past years, any type of absence is counted – both excused and unexcused absences. Suspensions from school count, as well as excused absences for approved family-sponsored educational trips. Superintendents and CEOs may wish to review attendance policies to affirm current practices of managing extended leaves of absence for approved educational trips.

STUDENT ATHLETIC CODE INTRODUCTION

Albert Gallatin Area School District is extremely proud of its athletic program. We have an excellent tradition and we are very happy that students elect to become members of a team that will help to maintain what has been achieved in our athletic program.

As a member of an athletic team, a student assumes a great deal of responsibility and immediately and publicly represents family, school and self. The conduct of an athlete is closely observed and it is important that behavior be above reproach on the field, in the classroom and in the community.

The Student Athletic Code is designed to share some of our basic expectations of all students who are participating in the Albert Gallatin Area Junior-Senior High Athletic Program.

It is the responsibility of the coaches to inform the athletes of the rules and regulations that govern their respective sport and to enforce this code in a fair and consistent manner.

Athletic Eligibility

Albert Gallatin Area is a member of the Pennsylvania Interscholastic Athletic Association and is subject to the rules and regulations of the association. Generally, in order to be eligible, the pupil must meet the following minimum PIAA qualifications:

Age	Not have attained 19 years of age prior to July of the school year. (16 years. for junior high)
-----	---

Amateur	Be of amateur status. Amateur status may be jeopardized by the acceptance of illegal awards, participation in unauthorized events, etc.
Attendance	Be enrolled in school and not be Absent twenty (20) or more days during a semester. Non-compliance will result in 45 days of ineligibility. NOTE: A consecutive absence of 5 or more days due to confining illness, injury or quarantine may be waived by application to the Board of Control. Please refer to guidelines on next page.
Parent Consent	Have a certificate of consent signed by a parent or guardian.
Health	Be examined by a licensed physician of medicine or osteopathy or a certified school nurse practitioner prior to practice in an intended sport. The financial responsibility for athletic injury rests solely with the student and his/her parents.
Migration	Since transfer may involve a loss of eligibility, transfer students should check with the Principal or Athletic Director since there are many rules pertaining to transferring from one school to another.
Period of Participation	As a general rule, a student is eligible for eight (8) semesters beyond the 8th grade and no more than four (4) seasons beyond the 8th grade in any one sport.
Representation	Students wishing to participate in a similar sport during the school's season as a member of an "outside" team or as an individual must obtain a waiver through the principal.
Curriculum	In order to be eligible for interscholastic athletics, a pupil must have passed at least 4 full-credit subjects, or the equivalent, during the previous grading period. Non-compliance will result in fifteen (15) days of ineligibility.

PARTICIPATION IN EXTRA-CURRICULAR EVENTS AND ACTIVITIES

Extra-curricular Activities - Those activities in which students are encouraged but not required to participate, sponsored and/or approved by the Board of School

Directors, but not offered for credit toward graduation. Such activities, which shall include but not limited to, interscholastic and intramural athletics, cheerleading, majorette squad, and clubs, are those ordinarily conducted wholly or partly outside the regular school day, and are available to all students who voluntarily elect to participate, subject to eligibility requirements established for each particular sport, event or club.

Guidelines

The student must attend one-half (1/2) day of school on the Activity Day. The Principal or the Assistant Principal(s) may grant exceptions.

To be eligible for interscholastic athletic competition, a pupil must pursue a curriculum defined and approved by the principal as a full-time curriculum. Where required, this curriculum or its equivalent must be approved by, and conform to, the regulations of the State Board of Education and the Pennsylvania School Code, as well as any local policies established by the local school board. The pupil must be passing at least four full-credit subjects, or the equivalent. Eligibility shall be cumulative from the beginning of a grading period, and shall be reported on a weekly basis and has not failed more than one (1) course during the marking period. In cases where a student's cumulative work from the beginning of the grading period does not as of any Friday meet the standards provided for in this section, he shall be ineligible from the immediately following Sunday through the Saturday immediately following the next Friday as of which his cumulative work from the beginning of the grading period meets the standards provided for in this section. Where a school is closed on a Friday for any reason, the principal may, at his election, determine whether the student as of that day meets the standards provided for in this section.

In cases where a student's work in any preceding grading period does not meet the standards provided for, said student shall be ineligible to participate in interscholastic athletics for fifteen (15) school days of the next grading period.

Pupils, who are enrolled for the first time, must comply with the requirements of the curriculum rules. The standing required for the preceding week, the preceding grading period or the preceding year shall be obtained from the records of the last school which the pupil has attended.

At the end of the school year, the student's final credits in his subjects rather than his credits for the last grading period shall be used to determine his eligibility for the next grading period.

A pupil whose work does not meet the standards but who attends summer school and corrects his deficiencies, shall be eligible.

DISCIPLINE STUDENT BEHAVIOR

The Albert Gallatin Area School District school board and administrators acknowledges that student conduct is closely related to learning; an effective instruction program requires a wholesome and orderly school environment. It is the philosophy of the school that discipline must be an active concern of every staff member. Lack of 100% concern will inevitably provide the atmosphere for turning minor problems into major concerns as the foundation of an educational program is, in part, reflected in the behavior of students and employees. This policy seeks to establish disciplinary measures and procedures suited to the needs of the individuals who are involved as well as the school community at large.

Student discipline, as it pertains to special needs students, will comply with discipline regulations as outlined by IDEA-R/Chapter 14 regulations.

These provisions shall be in effect at all times on school property, buses, or while attending any home or away school function.

Procedural Guidelines:

Suspension - Prior to the issuance of suspension from school, the student shall be informed of the reasons for the suspension, and given an opportunity to respond. Prior notice of the intended suspension shall not be required, however, in those cases where it is clear that the health, safety or welfare of the school community is threatened, written notice will be sent. When a student is issued out-of-school suspension, the student may not attend any school-related functions/events on school campus during the suspension.

In those cases where a suspension from school has been issued for a period in excess of three (3) school days, the student and his/her parent or legal guardian shall be provided with an opportunity for an informal hearing before the Administrator involved, within the first five (5) days of the suspension. Any such informal hearing shall be designed to permit the student to explain the circumstances surrounding the event which prompted the issuance of the suspension, and to encourage the student's parent or legal guardian to discuss with the Administrator involved, ways by which future offenses can be avoided. In the event that the student and his/her parent or legal guardian chooses to participate in an informal hearing with the Administrator, the

Administrator shall provide them with sufficient notice of the time and place of the hearing and with written notification of the reasons for the suspension. At the informal hearing, the student shall have the right to question any witnesses present, to present his/her own witnesses, and to speak on his/her own behalf.

Expulsion - Where, following the suspension of a student a recommendation is made for further action by the Board of School Directors, the student shall be entitled to a formal hearing before the Board of School Directors. This hearing may be held before the entire Board of School Directors, or before a duly authorized committee of the Board or before a duly qualified hearing examiner who need not be a member of the Board but whose adjudication must be approved by the Board. In all cases, however, the affirmative vote of a majority of the entire Board of School Directors shall be required to expel a student.

The following due process requirements shall be observed with respect to a formal hearing:

1. The student's parents or legal guardian shall be notified, by certified mail, of the charges pending against the student.
2. The student and his/her parent or legal guardian shall be provided with sufficient notice of the time and place of the hearing.
3. The hearing shall be held in private unless the student or his/her parent or legal guardian specifically requests a public hearing.
4. The student shall have the right to be represented by counsel.
5. The student shall have the right to be presented with the names of witnesses against him/her and copies of any statements and/or affidavits of such witnesses.
6. The student shall have the right to request that any such witnesses appear in person at the hearing and be subject to direct and cross-examination.
7. The student shall have the right to testify and present witnesses on his/her own behalf.
8. A recorded or stenographic record shall be kept of the hearing, and the student shall have a right to a copy of the transcript of the hearing, at his/her own expense.
9. The hearing shall be held with all reasonable speed.

During the period, if any, between the student's suspension from school and any formal hearing as described above, the student shall be permitted to participate in normal classroom work and activities. However, if, following an informal hearing, the Administrator determines that the student's presence in his/her normal class would constitute a threat to the health, safety, morals or welfare of others, the student may be excluded from school for more than ten (10) school days, if the formal hearing is not unreasonably delayed. Any student so excluded shall be provided with alternative education, which may include home study.

If a student is on suspension, in school or out of school suspension, and school is cancelled due to snow, loss of electrical power, etc. suspension will be carried out when school is in session.

BULLYING/CYBER-BULLYING

POLICY NO. 249.1

Section 1.02 The Board is committed to providing a safe, positive learning environment for district students. Therefore, the Board prohibits bullying by district students.

Bullying means an intentional electronic, written, verbal or physical act or series of acts directed at another student or students, which occurs in a school setting or where a nexus may be established that is severe, persistent or pervasive and has the effect of doing any of the following:

2. Creation of a threatening environment.
3. Substantial disruption of the orderly operation of the school.

The Board recognizes that a certain amount of teasing is inherent among school age children. Therefore, verbal or physical actions that may not clearly come within the meaning of bullying may be deemed bullying in particular situations, on a case-by-case basis, by the school principal under the following conditions:

1. The principal shall warn the offending student that the principal considers the conduct to have reached the level of inappropriate behavior.
2. The warning shall be verbally issued and shall be confirmed in writing to the offending student and the offending student's parent.
3. The warning shall advise the student and parent that the school principal is available to further explain the purpose for the principal's warning.

If the offending student continues the inappropriate behavior, the student shall be in violation of this policy.

Bullying, as defined in this policy, includes cyber-bullying.

School setting means in the school, on school grounds, in school vehicles, or at any activity sponsored, supervised or sanctioned by the school.

The Board prohibits all forms of bullying by district students.

The Board encourages students who have been bullied to promptly report such incidents to the building principal or designee.

Students shall be informed that they may choose to report bullying complaints to the school principal, teachers, counselors, nurses, coaches, activity sponsors, and/or administrators. Any employee, who receives a bullying complaint, whether verbal or written, shall report such to the school principal. Each staff member shall be responsible to maintain an educational environment free from all forms of bullying.

The Board directs that complaints of bullying shall be investigated promptly, and corrective action shall be taken when allegations are verified. Confidentiality of all parties shall be maintained, consistent with the district's legal and investigative obligations. No reprisals or retaliation shall occur as a result of good faith reports of bullying.

Each student shall be responsible to respect the rights of others and to ensure an atmosphere free from bullying.

Article II. Reporting Procedures and Investigative Procedures

A student, who believes he or she is a victim of bullying, should bring the matter to the attention of a teacher, counselor, principal, administrator, coach, or activities sponsor in written or verbal form.

Any school employee who receives a bullying complaint, or observes or otherwise learns of any bullying shall immediately report it to the principal. If requested to do so, the reporting employee shall prepare a summary statement providing background information regarding the bullying.

The principal and/or designee(s) shall promptly and thoroughly investigate all matters or allegations of bullying in the same manner as any other student infraction, in as confidential a manner as possible.

The principal has the discretion to initiate discipline, including suspension, prior to completion of any investigation. All formal and informal due process as required by law shall be followed.

When appropriate, a reasonable attempt may be made to bring resolution to the bullying under the mediation of the principal or designee. The principal or designee shall not undertake mediation without the consent of both students' parents/guardians.

In determining what is an appropriate response to a bullying incident, school officials shall consider the following:

1. What response is most likely to end the bullying;
2. Whether a particular response is likely to deter similar future conduct by the perpetrator or others; and
3. The amount and kind of harm suffered by the bullying.

The Superintendent or designee shall ensure that this policy and administrative regulations are reviewed annually with students.

The Superintendent or designee, in cooperation with other appropriate administrators, shall review this policy every three (3) years and recommend necessary revisions to the Board.

WEAPONS POLICY

POLICY NO 218.1

Introduction

It is a misdemeanor of the first degree for any person to possess a weapon in the buildings or upon the grounds of any public elementary or secondary school. Pennsylvania Act 26 of 1995 requires local school districts to adhere to certain discipline and reporting requirements in the event a student is in possession of a weapon. The Federal Gun Free Schools Act provides that no local educational agency may receive federal financial assistance unless it has in affect a policy requiring the expulsion from school for a period of not less than one (1) year of any student who is determined to have brought a firearm or explosive device to school. The Gun Free Schools Act requires that when any local educational agency requests financial assistance, it must assure that the local educational agency has in affect such a policy.

Therefore, Albert Gallatin Area School District has adopted the following policy.

Prohibition

- A. Students are prohibited from possessing a weapon:
 - 1. in any Albert Gallatin Area School District building;
 - 2. on any grounds of the Albert Gallatin Area School District
 - 3. in any conveyance (including private) providing to transportation or from Albert Gallatin Area School District
 - 4. at any school function, activity or event whether or not held on Albert Gallatin Area School District grounds; or
 - 5. while the student is on his/her way to or from school.

- B Students are also prohibited from possessing a weapon on any other public school district’s property. As such, a person who is determined to have possessed a weapon on another public school district’s property will not be admitted to Albert Gallatin Area School District for a period of one (1) year from the date of the person’s resultant expulsion or voluntary withdrawal from the other public school district.

Definitions

- 1. Weapon shall include but not be limited to any knife, cutting instrument, cutting tool, nunchaku (nun-chuck stick), brass or metal knuckles, firearm, shotgun, rifle, pellet gun, BB gun, look-a-like gun, chemical agent such as mace or pepper spray, explosive device, and any other tool, instrument or implement capable of inflicting serious bodily injury. Any and all weapons as defined in Title 18 Section 908 PA Crime Codes as listed as prohibited offensive weapons. Weapon includes any object purported by the possession to be such a weapon. A weapon possessed and used in conjunction with a lawful supervised school activity or course shall be permitted.

Weapon does not include any device which is authorized by the school for a legitimate educational purpose, such as tools, scissors, compasses, pencils, implements for art class, and the like, or any device or object which has been given prior approval by the principal in connection with any educational program or extra-curricular activity. Any student, however, using any such object in an aggressive threatening and/or intimidating manner shall be considered in possession of a weapon.

- 2. Firearm means the following:
 - A. any weapon, including a starter gun, which will or is designed to or may readily be converted to expel a projectile by the action of an explosive;
 - B. the frame or receiver of any such weapon;
 - C. any firearm muffler or firearm silencer; or
 - D. any destructive device.

The term does not include an antique firearm.

3. Destructive device means any explosive, incendiary, poison gas, bomb, grenade, rocket having a propellant charge, or any device similar to any of the devices described above.
4. A student is in possession of a weapon for purposes of this policy when the weapon is found on the person of the student, in the student's locker, or otherwise under his/her control while the student is on school property, on property being used by the school or at any school function or activity, or at any school event held away from the school or while the student is on his/her way to or from school.
5. Other public school property shall mean any public school grounds, school sponsored activity or any conveyance providing transportation to or from a school or school sponsored activity of a public school district, intermediate unit or area vocational technical school.

Investigation Procedures

1. Every school employee and/or student who has knowledge of a weapon being impermissibly on or in school property shall immediately inform the principal or other appropriate school official, who will immediately conduct an investigation. A student who has knowledge of a weapon being in or on school property shall be subject to disciplinary proceedings if the student does not report the information in a timely manner.
2. Upon reasonable suspicion that a student possesses a weapon, the principal or his designee will request that the student voluntarily empty his/her pockets, and remove any coat, book-bag or purse so the same may be searched by a school official. Such search shall take place in the presence of another adult. It is noted that Rules and Regulations of the State Board of Education provide that reasonable force may be used by teachers and school authorities to obtain possession of weapons or other dangerous objects.
3. If the student resists such a voluntary search, the principal or school official shall immediately summon the local police and request assistance. The parent or guardian of the student shall likewise be notified. Officials and administrators of the District shall cooperate with any police investigation arising out of a possession of a weapon on school property by a student. Upon the police appearing, however, under no circumstances shall the school official act as the student's informed adult in regard to any Miranda Warnings.
4. The school official shall also follow the procedures for student locker searches.

Reporting

1. All incidents involving the possession of a weapon prohibited by the policy shall be reported by the Superintendent or Principal to local law enforcement officials.

2. All incidents involving the possession of a weapon prohibited by this policy shall be reported by the Principal to the Superintendent, who shall likewise report to the School Board.
3. The Superintendent shall report to the Department of Education, Office for Safe Schools, all incidents relating to expulsions for possession of a weapon pursuant to this policy. Reports shall include the following information:

1. In the event the student is found to have violated this policy, the student may be subjected to suspension and/or expulsion. Such penalties shall be given in conformance with informal and formal due process proceedings required by law.
2. Except as provided herein, a student in possession of a weapon shall be subject to an expulsion from school for a period of not less than one (1) calendar year as provided by Act 26 of 1995. Such penalty shall be given in conformance with formal due process proceedings required by law.
3. The Superintendent may recommend to the Board of School Directors disciplinary action less than a one (1) year expulsion on a case by case basis. The Superintendent shall assess the circumstances of the possession, including but not limited to the type of object confiscated, the intent of the student, and potential threat or danger to the school community for the purpose of making a recommendation on the appropriate discipline in accordance with Act 26 of 1995.
 - A. In the event the Superintendent has chosen to not initiate expulsion proceedings, the School Board may direct the Superintendent and administration to schedule such a due process hearing.
4. For instances involving any elementary school student possessing a small folding pocketknife (pen knife), the student shall be suspended from school for a period of three to ten days, and will not be referred to the Board of Directors for expulsion proceedings unless the pocketknife was used to inflict bodily injury or used to threaten or intimidate another person, or the Superintendent otherwise elects to proceed with expulsion.

The School Principal/Designee, on an individualized case basis, may appeal to the Superintendent, requesting that the action called for in the Albert Gallatin Area

School District's policy may be changed or adjusted based on extenuating and mitigating factors of the individual case directly related to the policy.

Students With Disabilities

In the event a student with a disability is determined to be in possession of a firearm in violation of this policy, all steps will be taken to comply with the Individuals With Disabilities Education Act, as amended, and other applicable Federal and State Law and regulations. The student may be removed from school for up to ten (10) school days during which time educational services need not be provided. During that time, the IEP team will convene to determine the program and placement of the student into an alternative educational placement for any period of time in excess of the ten (10) days but not to exceed forty-five (45) calendar days. During any period of alternative educational placement due process may be implemented in accordance with Federal and State Law and regulations, and the IEP team may convene to determine if the possession of the firearm was related to the student's disability. The student may be subject to further disciplinary action in accordance with Federal and State Law and regulations.

Press Release

The Principal, Superintendent, Solicitor and any other individuals designated by the Superintendent shall formulate a press release if the same be deemed warranted.

GANG POLICY

POLICY NO. 218.3

It is the policy of the Albert Gallatin Area School District that membership in secret fraternities or sororities, or in other clubs or gangs not sponsored by established agencies or organizations, is prohibited.

Gangs which initiate, advocate or promote activities which threaten the safety or well-being of persons or property on school grounds or which disrupt the school environment are harmful to the educational process. The use of hand signals, graffiti, or the presence of any apparel, jewelry, accessory, or manner of grooming, which, by virtue of its color, arrangement, trademark, symbol, or any other attribute which indicates or implies membership or affiliation with such a group, presents a clear and

present danger to the school environment and education objectives of the community, are forbidden.

Incidents involving initiations, hazing, intimidation, and/or related activities of such group affiliations which are likely to cause bodily danger, physical harm, or personal degradation or disgrace resulting in physical or mental harm to students are prohibited.

Any student wearing, carrying, or displaying gang paraphernalia, or exhibiting behavior or gestures which symbolize gang membership, or causing and/or participating in activities which intimidate or affect the attendance of another student will be subject to the disciplinary actions of suspension and/or expulsion.

The Superintendent may provide in-service training in gang behavior and characteristics to facilitate staff identification of students at-risk and promote membership in authorized school groups and activities as an alternative.

Also, students wearing offensive clothing will be asked to remove the clothing or go home to change, if that is necessary, and parents will be notified.

In addition, students are required to remove their hats and coats and place them in their lockers for the duration of the school day.

HARASSMENT POLICY

POLICY NO. 248

Unlawful Harassment

Purpose

The Albert Gallatin Area School District strives to provide a safe, positive learning climate for students in the school. Therefore, it shall be the policy of the school to maintain an educational environment in which student harassment in any form is not tolerated.

Sec. 703 of Title VII of Civil Rights Act of 1964; Sec. 5 (a) PHRC Act; Title IX of 1972 Education Amendment

The School Board encourages students who have been harassed to promptly report such incidents to the designated employees.

The School Board directs that complaints of harassment be investigated promptly and corrective action taken when allegations are verified Confidentiality of all parties shall be maintained, consistent with the school's legal and investigative obligations. Neither reprisals nor retaliation shall occur as a result of good faith charges of harassment.

Definitions

The term harassment includes but is not limited to repeated, unwelcome and offensive slurs, jokes, or other verbal, graphic or physical conduct relating to an individual's physical characteristics, race, color, religion, ancestry, gender, sexual orientation, national origin, age or handicap/disability that create an intimidating, hostile or offensive educational environment.

1. Harassment can take the form of, but not limited to, derogatory remarks, jokes, demeaning comments or behavior, slurs, mimicking, name-calling, graffiti, innuendo, gestures, physical conduct, stalking, threatening, bullying, exploiting, shunning, or the display or circulation of written materials or pictures.
2. Computer technology, such as e-mail and websites, can be a means for accomplishing harassing behavior. Such conduct, even if initiated outside of school, may be in violation of this policy if there is a valid nexus with the school and/or if it disrupts the educational process.

Ethnic harassment includes the repeated, unwelcome and offensive use of any derogatory word, phrase or action characterizing a given racial or ethnic group that creates an intimidating, hostile, or offensive educational environment.

Sexual harassment shall consist of unwelcome sexual advances, requests for sexual favors, and other inappropriate verbal or physical conduct of a sexual nature when:

1. Submission to such conduct is made explicitly or implicitly a term or condition of a student's academic status.
2. Submission to or rejection of such conduct is used as the basis for academic or work decisions affecting the individual.
3. Such conduct deprives a student of educational aid, benefits, services or treatment.
4. Such conduct has the purpose or effect of substantially interfering with the students' school performance or creating an intimidating, hostile or offensive education environment.

Examples of sexual harassment include but are not limited to sexual flirtations, advances, touching or propositions; verbal abuse of a sexual nature; graphic or suggestive comments about an individual's dress or body; sexually degrading works to describe an individual; jokes, pin-ups, calendars, objects, graffiti, vulgar statements, abusive language, innuendoes, references to sexual activities, overt sexual conduct; or any conduct that has the effect of unreasonable interfering with a student's ability to work or learn or creates an intimidating, hostile or offensive learning or working environment.

Student on student harassment

The school recognizes that a certain amount of teasing is inherent among school age children. Therefore, verbal or physical actions that are not specifically defined as harassment may be deemed harassment in particular situations, on a case by case basis, by the school principal under the following conditions:

1. The principal shall warn the offending student that the principal considers the conduct to have reached the level of inappropriate behavior.

2. The warning shall be verbally issued and shall be confirmed in writing to the offending student and the offending student's parent.
3. The warning shall advise the student and parent that the school principal is available to further explain the purpose for the principal's warning.

If the offending student continues the inappropriate behavior, the student shall be in violation of this policy.

Determining whether or not student on student harassment has, in fact, occurred requires a determination based on all the facts and surrounding circumstances. School officials should consider the following:

1. The nature of the behaviors;
2. Whether there were past incidents involving same or other students
3. Whether there were continuing patterns of behavior;
4. Relationship between the parties;
5. Context in which the alleged incident occurred;
6. How often the conduct occurred;
7. The race, national origin, religion, sex or age of the respective parties;
8. Whether the alleged perpetrator was in a position of power over the student allegedly subjected to harassment;
9. Number of alleged perpetrators;
10. Where harassment occurred; and/or
11. Whether the conduct adversely affected the victim's education or learning environment.
12. Back packs, hand bags, and any apparel with brass knuckles, large chains, or martial arts weapons, attached, or encased within apparel is not permitted on school property.

The school shall annually inform students, staff, parents, independent contractors and volunteers that unlawful harassment of students will not be tolerated.

Each staff member shall be responsible to maintain an educational environment free from all forms of unlawful harassment.

Each student shall be responsible to respect the rights of their fellow students and to ensure an atmosphere free from all forms of unlawful harassment.

Students shall be informed that they may choose to report harassment complaints to the school principals, teachers, counselors, nurses, and administrators. Any employee, who receives a harassment complaint, whether verbal or written, shall report such to the school principal.

Guidelines

Reporting Procedures

A student, who believes he or she is a victim of harassment, should bring the matter to the attention of a teacher, counselor, principal, administrator or activities sponsor in written or verbal form.

Any school employee receiving a complaint of, or observing or otherwise learning of, an incident of alleged harassment, shall immediately report it to the principal, together with a summary statement providing background information regarding the incident.

Any reports of harassment shall be converted to preprinted form and forwarded to the Superintendent as soon as possible, by the principal. The report shall be signed by the complainant and the person who received the report. If a complaining student chooses not to sign a written complaint for any reason, an investigation of the complaint shall still be made. In such cases, this investigation may encompass a monitoring of the situation by the principal or designee.

Reports shall be submitted on preprinted form, which has been approved and distributed by the Superintendent. The Superintendent shall make every reasonable effort to ensure that reporting forms are readily available to all personnel.

If the complaint concerns alleged conduct by the Superintendent, the complaint form shall be delivered to the President of the School Board.

Investigative Procedures

The Superintendent and/or designee(s) shall promptly and thoroughly investigate all matters or allegations of harassment, in as confidential a manner as possible.

In the case of student on student harassment and when appropriate, a reasonable attempt may be made to bring resolution to a matter between the complaining student and the alleged harassing student under the mediation of the principal or designee. The principal or designee shall not undertake mediation without the consent of both students' parents/guardians.

In determining what is an appropriate response to a finding that student on student harassment has occurred, school officials shall consider the following:

- (i) What response is most likely to end any ongoing harassment?
- (ii) Whether a particular response is likely to deter similar future conduct by the perpetrator or others;
- (iii) The amount and kind of harm suffered by the victim of the harassment; and
- (iv) The identity of the party who engaged in the harassing conduct.

A substantiated charge against a student shall subject such student to disciplinary action, consistent with the Student Code of Conduct, and may include educational activities and/or counseling services related to unlawful harassment.

Rights of the Accused

The School District recognizes that all allegations of harassment are not necessarily true and acknowledges that employees, supervisors, students and associates may be unjustly accused.

The school affirms its resolve to protect the rights of all accused parties, to fairly and accurately investigate all allegations coming to its attention, and to apply all appropriate disciplinary or administrative sanctions when necessary.

All matters involving unlawful harassment complaints shall remain confidential to the full extent possible.

The guidelines contained in this policy are not intended to supersede or circumvent any procedural rights accorded employees or students by the Pennsylvania Public School Code of 1949, as amended, federal or state laws or regulations, collective bargaining agreements or administrative compensation plans.

The School Board committee recognizes that the law of harassment is continually evolving as a result of judicial decisions. Therefore, upon receipt of any complaint or report of harassment, the Superintendent shall consult with the solicitor to determine if any portions of this policy, including investigation and disciplinary procedures, are no longer lawful; or if additional procedures are required.

ALBERT GALLATIN

Albert Gallatin: entrepreneur, politician, diplomat, financier, and scholar. The name is hardly known today, a curious fate for a man so influential in shaping our early republic. In his own time Gallatin stood alongside Thomas Jefferson, James Madison, and James Monroe as they hammered out a political philosophy that defined our government in its first decades. Best known as the Secretary of the Treasury for Presidents Jefferson and Madison, Gallatin believed that "a country, like a household, should live within its means and avoid debt." He devised a system of fiscal accountability to Congress by the executive branch, advised presidents on economic and foreign affairs, reduced the national debt, and arranged financing for the Louisiana Purchase and the Lewis and Clark expedition. As an influential member of the U. S. diplomatic corps in Europe, he worked diligently to end the War of 1812 and helped negotiate trade and land treaties with Great Britain. Absorbed as Gallatin was in the administration of the country, his ambitions were not solely political. Even as he embraced the ways of his adopted country, he dreamed of carving out a place in the New World where fellow European immigrants could live by their native customs and skills.

In 1783, a few years after his arrival in America, he started buying large tracts of land in western Virginia and the Ohio River valley. One spot looked especially promising--the town of Wilson's Port in Fayette County, Pennsylvania, where George's Creek flowed into the Monongahela . Predicting that the area would prosper through river trade, he renamed the town after his home city and invited Swiss immigrants to come west. In New Geneva they would live out Gallatin's vision of an industrial center in the wilderness. By 1800, Gallatin and his partners had built a general store, a gristmill, a sawmill, glassworks, and a gun factory along George's Creek. Gallatin's own home for 40 years, at least by intent, was Friendship Hill, named perhaps in honor of his lifelong Genevan friends and fellow investors. It sat high on a bluff overlooking the river south of New Geneva. Over the years the plain brick house begun in 1789 was expanded to accommodate his growing family and his plans for retirement. Because his career took him away for years at a time, the business began to flounder. By 1832 all

the western properties were sold and the Gallatins were living in New York City. Subsequent owners altered the house but preserved enough of its original structure and surroundings to leave a fitting tribute to Albert Gallatin.

Today, Friendship Hill, the home of Albert Gallatin, is a National Historic Site. It is open daily, year round from 8:30 am-5:00 pm. It is closed on December 25, Christmas day. The Gallatin House features an exhibit room with information and a presentation about Gallatin's life and accomplishments.

A self-guiding audio tour is available for the historic sections of the house. Visitors are encouraged to walk the grounds and experience the quiet country life enjoyed by Gallatin and his family. The park offers 10 miles of hiking trails and a picnic area.
