Section: Narratives - Needs Assessment

Introduction

In accordance with the American Rescue Plan (ARP) Act and Pennsylvania Act 24 of 2021 (Act 24), the Pennsylvania Department of Education (PDE) will award approximately \$ 249,848,000 or five percent (5%) of Pennsylvania's ARP Elementary and Secondary School Education Relief (ESSER) State Reserve funds to school districts, charter schools and cyber charter schools (collectively, LEAs) = to implement evidence-based interventions that address learning loss in response to the academic, social, emotional and mental health needs of students and subgroups of students impacted by COVID-19 public health emergency that supplement school programs and activities.

Act 24 requires that LEAs, at a minimum, use the funds they are awarded under this subgrant in the following ways: .

Percentage of LEA Allocation - Required Activities

30% - To address the social, emotional and mental health needs of students

10% - To provide professional development and technical assistance to educators, school support staff, school leaders and school health professionals to address the social, emotional and mental health needs of students.

8% - To address reading remediation and improvement for students

The remaining allocation may be used by the LEA to address and/or supplement other areas of learning loss caused by the pandemic.

Act 24 also requires that, when available, existing personnel shall be utilized by school districts, charter schools and cyber charter schools to staff programs and activities established with these grant funds.

Within 90 days of receipt of these allocations, school districts, charter schools and cyber charter schools must submit a three-part plan to PDE, that outlines the proposed use of the grant money, itemized by program and activity. This plan is part of a consolidated application that includes after-school programming, summer activities, and a comprehensive plan to address learning loss. The plan shall include:

- 1) A description of each program and activity
- 2) A narrative outlining the expected benefit of each program and activity
- 3) A budget for each program and activity detailing personnel and operating costs.

Through this grant application, LEAs will meet their requirement of developing a three-part plan, including describing their planned programming, a narrative outlining the expected benefit of each program and activity, as well as an overview of how the LEA determined the areas of need to be addressed, including the use of stakeholder feedback.

PDE has developed the Accelerated Learning Toolkit, a significant cadre of resources and trainings, to support LEAs in the development of their plans. The Accelerated Learning Toolkit can be found Link to Accelerated Learning Toolkit.

Needs Assessment: In this section, LEAs are asked to describe the impact of the pandemic on their

students, examine disproportionate impacts on specific student groups, and highlight the LEA's promising practices in supporting student needs since March 2020.

Indicators of Impact

 Understanding the Impact of the COVID-19 Pandemic: Describe how the LEA has identified or will identify the extent of the impact of the COVID-19 pandemic on student learning and well-being. Specifically, what methods (i.e., collecting and analyzing data and information from focus groups, surveys, and local assessment results) were used or will be used to identify and measure impacts in four key areas: (1) Social and Emotional Learning, (2) Professional Development needs to support Social and Emotional Learning, (3) Reading Remediation and Improvement for Students, and (4) Other areas of Learning Loss?

| | Method used to Understand Each Type of Impact |
|--|---|
| Social and Emotional Learning | Data indicates SAP referrals, guidance referrals and referrals for mental health services via social workers has increased. Parents indicate a need for social services and/or programs would support students during this time. |
| Professional Development for Social and Emotional Learning | Data from staff surveys indicates a need for professional development/supports for staff members. |
| Reading Remediation and Improvement for Students | Benchmark assessment data administered at the end of the 2021 school year, as well as, in the beginning of the 2021-2022 school year, indicates students are performing below expected level of performance. |
| Other Learning Loss | Data indicates cohorts of students with ongoing attendance issues are following a pattern of inconsistent school attendance. |

Documenting Disproportionate Impacts

2. Identify the student groups in the LEA that faced particularly significant impacts from the pandemic in the areas of Social and Emotional Learning, Reading Remediation and Improvement, or any other areas of learning loss that the LEA will address with this funding source. For each, provide specific strategies that were used or will be used to identify and measure impacts.

| Student Group | Area of Impact | Provide specific strategies that were used or will be used to identify and measure impacts |
|--------------------------------------|-------------------------------|--|
| Children from Low-Income Families | Social and Emotional Learning | SAP referrals, Mental Health and Social Worker Referrals will decrease as a result of programs. |

| Student Group | Area of Impact | Provide specific strategies that were used or will be used to identify and measure impacts |
|----------------------------|--|---|
| Children with Disabilities | Reading Remediation and Improvement | Benchmark Data, Curriculum Based Assessments will indicate that student performance has grown to expected levels of performance. |

Section: Narratives - Learning Loss Program Questions

Learning Loss Program Questions: In this section, LEAs are asked to describe the activities they have designed to support accelerated learning to combat learning loss caused by the COVID-19 pandemic for their students. Please use the following link to ensure that your calculated values below are equal to the values published on PDE's website. The file contains your LEA's MINIMUM required reserves for Learning Loss to address SEL, SEL PD, and Reading Improvement. Click to download reserve amounts.

*LEA's can choose to spend MORE than the minimum required reserves for Learning Loss. Those values will be entered in the budget sections.

Section 3a – Social and Emotional Learning: As schools across the Commonwealth return to school, LEAs face increased challenges in addressing the mental health needs of their students and staff. LEAs are required to utilize **A MINIMUM of THIRTY PERCENT (30%)** of funding available through this grant application to support the Social and Emotional Learning of their students. In this section, LEAs are asked to describe the activities they have designed to address these needs. Please reference the SEL framework to assist in developing this plan.

- 3. Calculate 30% of LEA Allocation as the **MINIMUM REQUIRED RESERVE** for Social and Emotional Learning. (Calculation will populate when you click the Save button)
 - This value will be needed in the corresponding budget section.

| | Total LEA Allocation | Multiply by 30% (.30) | Minimum Allocation for SEL |
|-----------------------------------|----------------------|-----------------------|----------------------------|
| Minimum 30% SEL Requirement | 625,133 | 30% | 187,540 |

4. Describe the data sources the LEA is using to identify social and emotional needs of students and identify areas of strength and concerns in the learning environment.

Data indicates SAP referrals, guidance referrals and referrals for mental health services via social workers has increased. Parent input suggests the need for social services/programs for students is needed Grades K-12. The district has already allocated funds for social services via previous ESSER allocations. However, the district, while though contracting services with outside agencies, is having difficulty securing personnel to fill positions. Therefore, the district will approach the issue systemically by initiating a districtwide program that addresses the overall mental health of both the employees and students. The program will be acquired through the assistance of the Intermediate Unit I. It will continue over a 3 year period building

compacity to continue beyond ESSER funding.

5. Program/Activities – Please describe the planned program activities and identify the type of activity and the number of students to be served by that activity.

| Program Activity | Student Group | Type (Universal, Targeted, Intensive) | Number of Students Served |
|-----------------------------|---------------------------------------|--|------------------------------|
| SEL Districtwide Program | Children from Low- Income Families | Universal | 3,100 |

6. How will the LEA assess the success of the SEL program? Please identify the tool, frequency of use, and expected results.

| Tool Used to Evaluate Success | Frequency of Use | Expected Results |
|--|------------------|---|
| Pre and Post Assessments associated with the SEL Program | Quarterly | Anticipated that mental referrals will decrease via extended implementation of SEL program districtwide. |

<u>Section 3b – Social and Emotional Learning Professional Development:</u> LEAs face increased challenges in addressing the mental health needs of their students and staff. LEAs are required to utilize **A MINIMUM OF TEN PERCENT (10%)** of funding available through this grant application to support professional development activities and technical assistance for educators, school support staff, school leaders and school health professionals to address the social, emotional and mental health needs of students. In this section, LEAs are asked to describe the activities they have designed to address these needs.

- 7. Calculate 10% of LEA Allocation as the **MINIMUM REQUIRED RESERVE** for Social and Emotional Learning Professional Development. (Calculation will populate when you click the Save button)
 - This value will be needed in the corresponding budget section.

| | Total LEA Allocation | Multiply by 10% (.10) | Minimum Allocation for SEL PD |
|-----------------------|----------------------|-----------------------|----------------------------------|
| Minimum 10% SEL PD | 625,133 | 10% | 62,513 |
| Requirement | | | |

- 8. Describe the planned professional development activities and how the activity will ensure that teachers/staff are equipped with training/support on the following:
 - a. Social emotional learning and support for students that have suffered trauma during the COVID-19 pandemic;
 - b. Identifying signs of possible mental health issues and providing culturally relevant support;
 - c. Motivating students that have been disengaged;
 - d. Mentoring students who have attendance issues before it becomes a pattern;
 - e. Self-care and mindfulness strategies for teachers;
 - f. Engaging and communicating effectively with parents;
 - g. Working with community agencies to address non-academic needs.

| Professional Development Activity | Number of Staff Involved | Type of Staff Involved (Teacher, Counselor, Support Staff, Admin, Other | Provider – Who will present the professional development | Is the provider an internal staff member or an outside contractor? | Brief Description of the Planned Activity |
|---|-----------------------------|--|---|--|---|
| e. Self-care and mindfulness strategies for teachers; | 260 | Teacher | Intermediate Unit I | External Contractor | Ongoing professional development designed to meet and address the needs of staff as indicated by surveys. |
| a. Social emotional learning and support for students that have suffered trauma during the COVID-19 pandemic; | 260 | Teacher | Intermediate Unit I | External Contractor | Ongoing professional development designed to meet and address the needs of staff as indicated by surveys. |

| Professional Development Activity | Number of Staff Involved | Type of Staff Involved (Teacher, Counselor, Support Staff, Admin, Other | Provider – Who will present the professional development | Is the provider an internal staff member or an outside contractor? | Brief Description of the Planned Activity |
|---|-----------------------------|--|---|--|---|
| b. Identifying signs of possible mental health issues and providing culturally relevant support; | 260 | Teacher | Intermediate Unit I | External Contractor | Ongoing professional development designed to meet and address the needs of staff as indicated by surveys. |

9. How will the LEA assess the success of the SEL professional development? Please identify the tool, frequency of use, and expected results.

| Tool Used to Evaluate Success | Frequency of Use | Expected Results |
|----------------------------------|-------------------------------------|---|
| Pre and Post Surveys | Following each training opportunity | Teachers overall knowledge base and awareness will increase as indicated from a pre and post survey. |

Section 3c - Reading Improvement for Students:

LEA allocations in Reading improvement should be used to increase the best practice in the implementation of research-based reading instruction and acceleration. As schools are planning the most effective use for this 8% set aside for reading instruction and acceleration, they should contemplate the use of structured literacy (also known as Science of Literacy) to develop reading instruction and remediation. Please reference the Structured Literacy framework to assist in developing this plan LINK NEEDED

LEAs are required to utilize **A MINIMUM of EIGHT PERCENT (8%)** of their ARP-ESSER allocation for research-based reading instruction. In this section, describe the course of action to remediate and improve reading gaps through research-based practices.

10. Calculate 8% of LEA Allocation as the **MINIMUM REQUIRED RESERVE** for Reading Improvement for Students. (Calculation will populate when you click the Save button)

• This value will be needed in the corresponding budget section.

| | Total LEA Allocation | Multiply by 8% (.08) | Minimum Allocation for Reading Improvement |
|---|----------------------|----------------------|--|
| Minimum 8% Reading Improvement Requirement | 625,133 | 8% | 50,011 |

11. What local assessments were used to determine the need to address learning loss in the area of reading? For which specific groups of students was this need evidenced? What were the findings?

Acadience Assessments are used in Grades K-5 for both math and reading.Data indicates student performance is below expected levels of performance.The district will continue to allocate funds supporting its efforts with Step By Step Learning.

12. Does your data indicate that at-risk readers are making at least a year's worth of growth or more in one school year? *Please consider both state PVAAS data and local assessment data

No

Please explain:

Students are not performing at expected levels and not making a year's worth of growth as indicated by data in Grades K-5. The district will focus on Early Literacy Skills within our elementary schools.

13. Has the LEA used structured literacy and/or provided training for K-4, ESL, and Special Education teachers in structured literacy?

Yes

If so, please identify the training, grade level, and number of teachers involved.

| Training | Grade Level / ESL / Special Education | Number of Teachers Trained |
|---------------------|---------------------------------------|----------------------------|
| Science of Literacy | K-5 | 130 |

| Training | Grade Level / ESL / Special Education | Number of Teachers Trained |
|------------------------|--|----------------------------|
| Wilson Reading Program | Special Education | 20 |

14. Describe the evidence-based instructional intervention(s) that address the identified needs of students most disproportionately impacted.

| Intervention | Student Group | Number of Students Receiving Intervention | Brief Description of Intervention |
|----------------------------|---------------------------------------|---|--|
| Small Group Instruction | Children from Low- Income Families | 1,149 | Small group instructional activities as per MTSS plan utilizing data and progress monitoring tool specifically for grades K-3. |

15. How will the LEA assess the success of the literacy program? Please identify the tool, frequency of use, and expected results.

| Tool Used to Evaluate Success | Frequency of Use | Expected Results | |
|----------------------------------|------------------|--|--|
| Acadience | 3 times a year | Growth over the year as measured by BOY, MOY and EOY scores. | |

<u>Section 3d - Other Learning Loss Activities:</u> LEAs are permitted to utilize the remainder of their allocation to support and/or supplement additional efforts being implemented to combat learning loss caused by the COVID-19 pandemic. Please use this section to describe those efforts.

*This value can be **UP TO 52%** of the total allocation, if minimum values were used for other reserves.

16. Calculate 52% of the remaining LEA Allocation **AS A MAXIMUM** amount to fund Other Learning Loss Activities. (Calculation will populate when you click the Save button)

| | Total LEA Allocation | Multiply by 52% (.52) | Maximum Allocation for Other Learning Loss Activities |
|--|----------------------|-----------------------|---|
| 52% Other Learning Loss Activities | 625,133 | 52% | 325,069 |

17. Describe the evidence-based instructional intervention(s) that address the identified needs of students most disproportionately impacted.

| Intervention | Student Group | Number of Students Receiving Intervention | Brief Description of Intervention |
|---------------------------------------|---------------------------------------|---|---|
| Online Tutoring/Enrichment Tool | Children from Low- Income Families | 3,100 | All students will have access to online live tutoring program. The program will be used as part of the efforts addressing learning loss, afterschool support and summer programs. |

18. How will the LEA assess the success of the learning loss activities? Please identify the tool, frequency of use, and expected results.

| Tool Used to Evaluate Success | Frequency of Use | Expected Results |
|---|-------------------------|---|
| Usage reports and growth in student performance | Quarterly usage reports | Expected student performance will increase as measured by pre and post assessments. |
